AUR31012 - Certificate III Automotive Sales (Parts Interpreting)

This apprenticeship involves the sales, stock control and administration in relation to automotive replacement parts such as engine, brake and transmission components, batteries, headlights and tyres, as well as vehicle accessories.

Specifically, duties will include:
- Carrying out storage and stock control procedures.
- Materials handling.
- Customer advice and sales activities.
- Receiving and filling orders and organising dispatches.
- Identifying auto parts/components.

Parts Interpreters provide parts for cars, trucks, vans, motorcycles, trailers and agricultural, industrial and marine equipment.

Fees and Charges
In most cases the Queensland Government meets the cost of training. This means that neither the employer nor the apprentice pay for the training component of the Apprenticeship. However, there is a Government requirement for all learners to pay a minimal contribution fee determined by the Government.

Course Length
The nominal duration to complete this competency based apprenticeship is 3 years full time. This duration is proportionately increased for part-time and school-based arrangements. The MTA Institute’s flexible training model takes into account the learner’s skills and knowledge acquired through previous training and experience. This may lead to a reduction in the time required to complete this apprenticeship.

Incentives
An employer of an apprentice may be eligible for Commonwealth incentives. For further information contact Australian Apprenticeship Pathways on 1800 338 022 or go to their website www.aapathways.com.au

Enrol
For further information contact one of our friendly team members using the contact details below.

Course Commencement
Commencement usually occurs within 28 days of enrolment.
