The MTA Institute offers qualifications in the following modules:

- **Vehicle Body Repair Assistant**
  Covering basic panel beating skills and preparing the student for collision repair while working under the supervision of a qualified tradesperson.

- **Vehicle Painter Assistant**
  Covering paint removal methods, preparing spray painting materials and equipment, masking methods and preparing vehicle components for repair.

- **Vehicle Detailer**
  Introductory course to develop detailing skills - including cleaning, polishing and buffing - to finish vehicle body, interior trim and seats using industry best practice and materials.

**Course Length**
The nominal duration to complete this competency based traineeship is 12 months full time. This duration is proportionately increased for part-time and school-based arrangements. The MTA Institute’s flexible training model takes into account the learner’s skills and knowledge acquired through previous training and experience. This may lead to a reduction in the time required to complete this traineeship.

**Fees and Charges**
In most cases the Queensland Government contributes 75% towards the cost of training and MTA Institute contributes towards the remaining 25%. Learners are required to pay a minimal co-contribution fee determined by the Government.

**Incentives**
An employer of a trainee may be eligible for Commonwealth incentives. For further information contact Australian Apprenticeship Pathways on 1800 338 022 or go to their website www.aapathways.com.au

**Enrol**
For further information contact one of our friendly team members using the contact details below.

**Course Commencement**
Commencement usually occurs within 28 days of enrolment.
