THE MTA INSTITUTE IS THE LEADING AUTOMOTIVE PROVIDER
FOR TRAINING AND APPRENTICESHIP DELIVERY IN QUEENSLAND

LEADING TRAINING FACILITIES

Opened in 2012, the Sir Jack Brabham Automotive Centre of Excellence is a \$10 million, state-of-the-art workshop built to offer the very best of training environments for the automotive professionals of the future.

The Centre of Excellence features:

- **28 mechanical and vehicle body repair bays**
- **Four fully equipped training rooms featuring the latest IT and communications technology**
- **State-of-the-art equipment for students training in collision repair, including the latest technology in spray booths and body repair systems**
- **A modern kitchen and alfresco dining including BBQ area**
- **The headquarters for the Motor Trades Association of Queensland (MTAQ), the peak body representing Queensland's automotive industry**
- **The home of MTAiQ, Australia's first automotive innovation hub, supporting entrepreneurs and start-ups as well as existing businesses needing guidance and support to transform and adapt to market opportunities**

Equipped with the latest technology and training resources, the Centre's design permits a flexibility that allows the Institute to monitor changing industry requirements and ensure all students who train at the Centre are equipped to navigate current and future industry disruptors.

LEADING IN TRAINING

MTA Institute is the best choice for students and employers because:

- **Our trainers have extensive industry experience**
- **We conduct on-site one-on-one workplace training**
- **We have flexible employer arrangements**
- **The Centre of Excellence is a state-of-the-art training facility**
- **Our learning material is online**
- **We provide free wi-fi at our training facility**
- **We have strong connections to government agencies and industry stakeholders**
- **We have well established relationships with international bodies**
- **You have the potential to get promotion through *Motor Trader e-magazine, website news stories and social media***
- **Unique student opportunities:**
 - Pathway to motorsports
 - Apprentice of the Month and Year Awards
 - Overseas scholarship opportunities
 - Links to employers that are members of MTA Queensland
 - Access to the MTA Queensland jobs board
 - Celebrate your achievement at our graduation ceremony

ONLINE LEARNING

The MTA Institute offers its training material online. This system has reduced the need for paper textbooks and will allow all resources to be easily updated electronically; ensuring students are working with current and relevant content. Training and assessment will remain face-to-face in the workplace with MTA Institute's trainers based in various locations throughout Queensland.

LEADING TRAINERS

MTA Institute's trainers are highly experienced in the real world automotive industry.

The training team has over 450 years combined experience in the automotive sector. They are committed and passionate about the industry and are conveniently located around Queensland to deliver one-on-one, personal workplace training and assessment.

There is also a permanent team of trainers at the MTA Institute Centre of Excellence to run group training and specialist courses.

LEADING COURSES

Leading the way in automotive training, the MTA Institute offers nationally recognised training in technical, retail and the aftermarket sectors.

ACCREDITED APPRENTICESHIPS & TRAINEESHIPS

The MTA Institute offers a full suite of nationally accredited automotive apprenticeships and traineeships in the fields of Light Vehicle, Heavy Vehicle, Motorcycle, Mobile Plant, Automotive Body Repair, Refinishing and more.

AUTOMOTIVE LICENSING

The MTA Institute runs accredited short courses for licensing requirements for Motor Vehicle Sales, Dealers, Wreckers and Automotive Air-Conditioning.

INDUSTRY COURSES (NON-ACCREDITED)

The MTA Institute conducts introductory and advanced level short courses in MIG Welding, Paintless Dent Repair, Hybrid Electric Vehicles and Common Rail Diesel Injection.

Visit www.mtai.edu.au for the full list of courses.
