Auto Ready – Introduction to Automotive

This program is designed to provide students with a basic introduction to the automotive industry.

Course overview

Students undertaking the Auto Ready program will learn a range of tasks relating to using and maintaining tools and equipment and identifying inspecting mechanical and electrical components and systems of light vehicles.

This program forms part of the **AUR20720 - Certificate II in Automotive Vocational Preparation** qualification, in which students will be enrolled.

Accredited units

The Auto Ready program comprises the following three units of competency:

- **AURTK102** – Use and maintain tools and equipment in an automotive workplace
- **AURETR103** – Identify automotive electrical systems and components

- **AURLTA101** – Identify automotive mechanical systems and components

Competent completion of these units will provide students with credit towards the full AUR20720 – Certificate II in Automotive Preparation qualification and 1 QCE point.

Course length

Five days of face-to-face training and assessment.

Fee information

This program is subsidised through the Queensland Government under the Certificate 3 Guarantee program, Training is provided fee-free for VET in School students. To be eligible candidates must:

- be a Queensland resident;
- be a school-based student in Year 10, 11 or 12;

- be an Australian citizen, Australian Permanent resident, temporary resident with necessary visa permits on a pathway to permanent residency; or a New Zealand citizen; and
- Not hold or be enrolled in a Certificate III level or higher qualification (not including qualifications completed at school and foundation skills training).

Course commencement

Locations and dates are scheduled regularly throughout the year – during the school holiday period.
